Hold on. Did this just happen in Sword of Art Online: Alicization?? We've seen violence worse than a Goblin fighter and graphic content along with an explicit rape scene that was borderline. Forgive my tongue, but what to really fuck? Japanese Original Episode Title: 貴族責務 Plot Eugeo and Kirito realize that Tiese and Roni are late for their assigned daily duties and Kirito decides to go looking for them. As Eugeo waits for them in the hostel, Frenica comes in and tells him that they actually went to confront Humbert for her sake as he continues to abuse her. Eugeo then runs to Rayos and Humbert's room, where he finds Tie and Roni gagged and bound on the bed. Rayos and Humbert prepare to discipline and rape them in front of Eugeo, whom the Tabu Index prevents from intervening, but suddenly Eugeo decides to break the code and cuts off Humbert's hand. Rayos tries to execute Eugeo, but Kirito comes and defends him. Kirito fights Rayos and cuts off both hands, which ends with his death. After the incident, Kirito and Eugenio are handed the Knight of Integrity and are surprised to discover that the knight is none other than Alice. Episode Highlights What Have I Just Watched? Well, when I saw that there was a content warning for this week's episode of Sword Art Online: Alicization, I took it very easily and said to myself, hey, how bad it can be, this is SAO, after all. But I was wrong, so wrong. If you thought Oberon was a rape-y in the first season, then it takes it to a whole new level. Bondage, violence and so much blood and blood. I honestly don't know where to start or what to comment on in the first place. Excessive wicked language trail? The eye of Eugeo, which literally exploded? The hands of the guys who were cut off? Is the amount of blood everywhere? Or is the horrific and distorted death pulsating? I'm not going to lie, it's been a while since I was so shocked while watching an anime episode. 'Don't let them hear it': Kirito says to Eugeo, and then he continues to hug Ronye's head without covering his ears. No.. Alice is here! She finally appeared and apparently she is a knight of integrity now. I'm sure it was done without her own will, but we'll certainly learn more about it in future episodes. Also, I like the way her name has gone from Alice Tsuberg to Alice Synthesis Thirty. Using the word synthesis (which is a combination of ideas to form a theory or system) is very suitable for its character and what it represents. The themes and trivia of this episode has been censored all over the world: Honestly, I'm surprised that it managed to even air on American streaming services, but I think SAO is too popular for them not to show it, so they decided to butcher it a bit (although the censored version included enough material to make me feel totally nasty). If you want to learn more about the censorship of this episode and see With the raw version, you should check out this article. It has much more everything happens. Mr. Kawahara is very dark: Apparently in a web novel, Rayos and Humbert actually raped the girls, and this was rejected by the publication's publication. Probably his editor must have been shocked and said: Let's put everything else, but do not include the actual rape, well Kawahara-san? The comments of the bedroom scene were horrendous on all sides, but I have to say it was really well done. Everything was so graphic, mika, blood pouring everywhere; nothing was sugarcoated for those with a weak stomach, and I must say that I am impressed that the main show such as SAO decided to get that dark and stayed so true for the original light novels. I don't know if it's worthy of praise or just objections to be honest. In addition, I have one question about all the events that have taken place: WHERE WHERE ADIMI IN THIS ACADEMY? I'm sorry I put you so terrified. Yes Eugeo, thank you ... Well, despite the disgust that we witnessed, the guys finally met Alice! This was supposed to be the highlight of the episode, but I really don't think anyone can take their attention off the scenes that lead to it. Hopefully her memory is still intact and she remembers Eugeo! Did this just happen in Sword of Art Online: Alicization?? We've seen violence worse than a Goblin fighter and graphic content along with an explicit rape scene that was borderline. Forgive my tongue, but what to really fuck? NextNext's Article Stubs, Franchise, Anime Episodes Edit Share Taboo Index (禁忌目録, Kinki Mokuroku?) is the tenth episode of Sword of Art Online Alicization anime adaptation. It aired on December 8, 2018. Adaptation NotesEdit Adapted from Volume 11, Chapter 5. Part 4-5 Eugeo's inner thought that the stormy weather was a manifestation of Alice's displeasure that it takes him so long to save her, was omitted. The mention of the ropes Rayos and Humbert used to bind Ronye and Tiese to be strict to prevent the former duo from breaking the Taboo Index, accidentally reducing the life of the last duo, was omitted. The scene where Rayos rushes to Tie, was anime of original content. Eugenio's inner thoughts and criticism of the Taboo index, as it allowed Rayos and Humbert to do what they liked Ronye and Thieux, were omitted. Tiese saying Eugeo did not participate, as this would result in him breaking the Taboo Index, was omitted. The scene where Eugenio sees an image of Alice in the image of Tie, about to be broken, has been omitted. That Eugeo is paralyzed from the after cutting off Humbert's hand was lowered. Rayos's claims, when he was about to execute Eugeo, about how even his father and uncle had never been killed before, and that this would have allowed him to surpass Volo Levantine, were omitted. The mention of Kirito using Serlut Style Whirlpool current to resist the Raios Avalanche, since there was not enough space to use the Vertical Square, was omitted. The mention of Kirito's Whirling Current stepping up because of Radio Avalanche pushing him back into his pre-position movement, restoring his strength and allowing him to overpower Radio skills, was omitted. The mention that Sorylenea used the same strategy against Volo was also omitted. The scene where Kirito offered Rayos a rope to stop the bleeding was the original content of the anime. Mention of Rayos' death as a result of his collapse, due to the gap between obedience to the Tabu Index and the commission of Taboo, was omitted. The mention that Kirito and Eugenio were guilty only of diminishing their lives, as Rayos's Flaklight had collapsed on its own, was omitted. ErrorsEdit In the Light Novel, Alice was wearing the standard white armor of the Knight of Integrity when she came to accompany Kirito and Eugeo. In the anime, however, she wore gold armor that she wears in all her other images.
